

The Peckerwood educational headset with microphone is the most comfortable tool for your private language lesson. Its PM magnetic multi-layered diaphragm reduces magnetic effects on the brain, making it suitable for long-term use. Plush ear-muffs, built to last while providing comfort during use. Super noise cancellation technology ensures you hear less unwanted noise so focus on lesson is enhanced.

PECKERWOOD

Model: PECKER331

Technology Details

- ☑ Adjustable Microphone
- ☑ In-line Volume Control enable easy adjustable to safe listening level
- ☑ Durable Ear-muffs
- ☑ Super Noise Cancellation Technology to reduce unwanted noise
- ☑ Speech Recognition
- ☑ Wideband Audio
- ☑ Dynamic Stereo

Specification

EARPHONE -

Plug Type

3.5mm Gold Plated Stereo Plug

Driver Unit

40mm

Transducer

Dynamic

Impedance

45Ω

Frequency Response

20Hz - 20K Hz

Sensitivity

120 ± 4 dB

Max. Input

100mW

Cable Type

4mm Reinforced Spiral Kevlar Cable

Characteristic SPL

106db at 1 KHz, 1Vrms

THD

< 1% at 1KHz, 100dB SPL

MICROPHONE -

Impedance

2.2K Ω

Frequency Response

100Hz - 10K Hz

Sensitivity

-58 ± 3dB

Boom Microphone

Rotation 270 degree

Directivity

Bi-directional

Use In

Computer, MP3 / MP4 / MP5 / iPod / PSP and any device with a 3.5 headphone jack

Warranty

1 year warranty
Against manufacturers defect
