

PORTABLE

TOUCHS

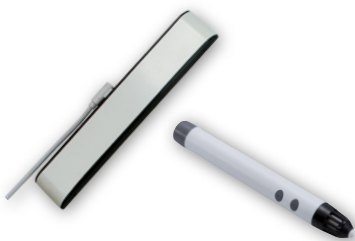

Attach a PORTABLE TOUCHS sensor to a traditional magnetic whiteboard to make it interactive! PORTABLE TOUCHS is optimized for both, lectures and presentations. Simply connect PORTABLE TOUCHS to a computer and a projector, and it instantly turns the ordinary whiteboard into an interactive whiteboard. No more one-way, boring presentations. PORTABLE TOUCHS makes lectures interactive and engaging, and meetings effective and productive!

Access everything on your computer from your whiteboard. Annotate or create material on the board. Records can be edited, annotated on, saved, printed, emailed and shared in real-time.

Magnetic mounting makes it easy to move from room to room. With Infinity Portable, every ordinary whiteboard can become an extraordinary interactive whiteboard!
